THE TRAINING

The California and Nevada Tribal Transportation Training and Technical Assistance Program (CA/NV TTAP) invites you to attend a **10-Hour OSHA Training Exclusively for the General Construction Industry** for tribal transportation personnel, tribal administration, utility and public work crews and all jobsite construction employees.

This revolutionary program for owners, safety managers, supervisors, and workers is focused directly on the hazards and situations that roadway construction workers face everyday. From work zones to night work, this training sets the standard for the entire industry!

This course addresses 11 key construction work zone related safety:

- Introduction to OSHA
- Roadway Work Zones
- Personal Protective Equipment
- Night Work
- Mechanized Equipment
- Collisions
- Electrical Safety
- Excavations and Trenching
- Confined Spaces
- Fall Prevention & Protection
- Occupational Health

OSHA course certification cards issued to participants 4-6 weeks after completing **ALL** training modules.

There is no registration fee to attend this training; however, please register early to ensure yourself a training slot.
